I am a cat, just chillin' out. But in the night, she's all I think about. I feel so strong when she's around, she picks me up when I am down.

They may look like two ordinary teenagers, but when evil strikes...

"Tikki, spots on!"

"Plagg, claws out!"

...They are our good luck charms.

"Lucky Charm!"

><p>"THE BIRTH OF LADYBUG" - Part 1<p>

It was a crisp, warm September day in Ocean Shores, California.

However, this wasn't any ordinary day for Reggie Rocket. This was one of the most important days of her life. This was her Sweet 16. Her brother Otto and best friend Twister were charged with setting everything up while Sam kept Reggie busy. After all was said and done, Reggie had to get ready for her big moment. That's where her friends Clio, Trish and Sherry came in. With their help, Reggie would enter her Sweet 16 in a sparkling magenta dress, jet black high heel shoes and aside from light purple lipstick, very little makeup. Only one thing was missing...a cute pair of earrings.

"Where are they? Where are they?!", Reggie said as she searched her room frantically.

"Whatcha lookin' for, Reg?", Trish asked.

"The earrings you got me!", Reggie exclaimed. "That pair of golden hoop earrings you got me for Christmas? That's what I'm looking for!"

"Didn't you leave them in your jewelry box, Reggie?", Clio asked.

"I did...", she started "But all I found was this set of earrings. Dad said they belonged to my biological mom.", she explained as she held out a set of ladybug-like earrings in her hand. "I guess I could wear these."

"Better than nothing, I guess.", Sherry said.

"After all, they were your mom's, Reggie. If she were here now, your mom would be proud of you for wearing them.", Clio told Reggie.

"Thanks, Clio.", Reggie said, hugging Clio. "Now come on! We better get going! Raymundo's waiting for us at the Shore Shack!", she exclaimed.

"Last one there's the Squid!", said Sherry.

"Naw, that's Sam's title!", Trish said.

"You comin', Rocket Girl?", Clio asked.

"In a minute, Clio. I just gotta make sure everything's in order first.", Reggie explained as Clio, Trish and Sherry walked outside. "Aw, what do I have to worry about? After all, these were my mom's earrings.", Reggie said to herself.

'Your mom was Danielle Rocket, maiden name Danielle Mitchell?', a high, squeaky voice asked.

"Yeah. Why do you ask?", I countered, until I looked and saw no one there. "Who was that?"

'That was me.', the voice answered.

"Who?", Reggie asked.

A tiny red creature flew out of the earrings. The creature looked like a tiny ladybug. 'I'm me. The name's Tikki and I'm a Kwami.', the creature explained.

"What's a Kwami?", Reggie asked the creature.

'I'm glad you asked, Reggie. A Kwami is like a best friend, only magical. In short, I'm like your best magical friend.', Tikki explained. 'I came from the earrings your mother gave you. They are the Ladybug Miraculous charm.'

"What's a Miraculous charm?", Reggie asked Tikki.

'Miraculous charms are magical items, often disguised as jewelry, much like those earrings you're wearing. With the help of Kwami like myself, these charms can change the wearer into a superhero. You now have the Ladybug Miraculous charm. So with it, you can now change into the hero Ladybug. Ladybug uses the power of good luck to battle the forces of evil and change bad Akumas into good butterflies.', Tikki explained.

"Hmm...a superhero, eh?", Reggie asked. "I could get used to this!", she said with a smile on her face. Just then, her iPhone rang. "Quick, Tikki! Hide in my handbag!", Reggie said. Without hesitation, Tikki flew into Reggie's handbag and picked up her iPhone. It was Otto calling to tell her that everyone was ready for her. "Well, that's my cue. Trish, Sherry, Clio! Wait up!", she called out as she ran out to join her friends on the way to the Shore Shack.

><p>Within a few minutes, they were at the Shore Shack, where it was time for Reggie's grand entrance. "Show time, girls!", Reggie called out to Clio, Trish and Sherry. "Let's roll, everyone!", Sherry exclaimed as they walked into the Shore Shack. Tikki popped out of Reggie's handbag, wanting so much to be part of the fun, but Reggie wasn't going to have any of it, the risk being too great now. "You can't come out, Tikki. If you did, you'd blow everything! So please, just stay hidden. Okay?", she asked, whispering. Tikki nodded, not wanting to disappoint her new friend.<p>

Raymundo was crying tears of joy as he turned to Tito and Noelani. His princess was finally turning 16. She's about to get her driver's license and she has a boyfriend now in Twister. Little do Raymundo, Tito and Noelani know that Reggie has a new adventure just waiting for her.

><p>AT THE PIER...<p>

"Those hooligans get all the fun. Why can't I seem to beat them?", Mr. Stimpleton lamented.

'Hello, electrician. I am Hawk Moth and I will give you the power to get your revenge on Team Rocket.', a mysterious voice told Mr. Stimpleton.

"How do you plan on doing that?", Mr. Stimpleton asked.

'Just bring me the Ladybug Miraculous and I'll show you. Do we have a deal?', the voice asked.

"Your wish is my command, my lord.", Merv Stimpleton answered. Suddenly, his entire outfit changed. He was now wearing black spandex with lightning bolts and a pair of yellow boots. He was no longer retired electrician Merv Stimpleton. He was now Electro.

><p>MEANWHILE, BACK AT THE SHORE SHACK...<p>

Everyone was having the time of their lives at Reggie's Sweet 16 party. Just then, her earrings start to blink. Reggie runs off to the lifeguard tower at Rocket Beach, hiding in there. "What's going on, Tikki?", she asked.

"Someone's been Akumatized, Reggie. Only you can set them free. Time to transform, girlfriend!", Tikki told her.

"Okay...how do I transform into Ladybug?", Reggie asked her Kwami.

"All you have to do is shout 'Tikki, Spots On!' and you'll transform into Ladybug.", Tikki explained.

"Alright, let's try it out!", Reggie exclaimed. "TIKKI, SPOTS ON!", she shouted.

Everything happened so fast for Reggie. First, Tikki flew into her earrings, turning them red with 5 black spots on them. Then, her entire outfit changed into ladybug-themed spandex. At her hip, a yo-yo appeared, red with black spots, of course. Finally, she moved her hands over her face to create a red mask. Just like that, Reggie Rocket was now Ladybug.

><p>"Hey, check out the latest update!", Sam said as he handed his iPad to Raymundo.<p>

"Let me see that, Sam!", Raymundo said to Sam, taking the iPad out of his hand. 'Rouge Electrician On The Loose, Mysterious Superhero Our Only Hope', he read. Then, he looked at the picture of the so called 'mysterious hero'. "Wait a second...THAT'S REGGIE!", he exclaimed. This worried everyone, especially Otto and Twister.

"You're kidding me, dad! Reggie's out there fighting a rogue electrician right now? Can't be! You must be joking!", Otto called out.

"You must be joking, Raymundo! My girl can't be out there right now...she was just here!", Twister told Raymundo. "Whatever the case may be, she needs help!", he exclaimed.

Raymundo nodded as he handed Twister a black box. Inside it was a silver ring. "What's this, Raymundo?", Twister asked.

Raymundo smiled. "Twister, this was originally my ring. I was Ocean Shores' original Cat Noir and when I was your age, I fought evil alongside the woman who became my first wife...Danielle. Now it's your turn, Twister. You are to become the new Cat Noir.", Raymundo explained. "Consider it an early birthday present for you,

Twister."

Twister took the ring out of the box and slipped it on his right hand...a perfect fit. Just then, a tiny cat-like creature appeared.

"Yo, Ray! What's up?", the creature asked.

"Plagg, this was the kid I've been telling you about. This is Twister Rodriguez...he is the new Cat Noir.", Raymundo said to Plagg.

"Twister! I've heard so much about you from Ray over here!", Plagg explained.

"Thank you very much, little guy!", Twister exclaimed.

"We'll have time for formalities later. Right now, Ladybug needs your help! Time to transform, dude!", Plagg told Twister.

"Okay...how do I do that?", Twister asked, confused.

"Just shout 'Plagg, Claws Out!' and you'll transform into Cat Noir.", Plagg told Twister.

Twister nodded. He had nothing to lose, so he just went for it.
"PLAGG, CLAWS OUT!", Twister shouted.

The transformation began as Plagg flew into Twister's ring, which turned black with a yellow paw print on it. Twister then ran his hands through his hair and a pair of black cat ears appeared. His outfit became all black with a tail on the end. Twister then moved his right hand over his face to create a black mask. Twister Rodriguez was now Cat Noir.

"This is amazing!", Twister responded, now in a deeper voice than before.

"It's about to get even better, Twister! Now let's head to the Pier! There's an akuma to ditch!", Plagg warned Twister. With a nod, he ran out of the Shore Shack, swinging from lamp post to lamp post until he got to Reggie/Ladybug at the Pier.

><p>OCEAN SHORES PIER - NEAR MADTOWN SKATE PARK<p>

Nobody ever told Reggie that her first battle as Ladybug would be this tough! Electro was coming at her from all angles. She had used her yo-yo to trip him up, but that was just a temporary ceasefire.

"Man, I sure could use some help here!", Reggie/Ladybug said to herself.

No sooner than she said it, someone wearing black cat-like spandex jumped from the half-pipe to join her. At first, she thought 'That guy looks a lot like Twister', but she then dismissed that theory on account of the fact doesn't wear black.

"Looks like I got here just in time, milady.", Twister/Cat Noir said smugly as he kissed Reggie/Ladybug's hand, causing her to blush bright red.

"I had this perfectly under control...", Ladybug started. "...but thanks.", she finished as her yo-yo conked Twister/Cat Noir on the head.

Twister/Cat Noir stopped to get a good look at their Akumatized opponent. Their outfit gave away that they were an electrician in a past life before they were Akumatized, so the Akuma had to be in something related to their work. He then charged into battle with his silver baton, swinging it at Electro and proving more than capable of taking him on in a physical conflict. "Quick, LB! Use your Lucky Charm move!"

Reggie had seen Danielle in enough battles as Ladybug when she was younger to figure out how to do the Lucky Charm move. She tossed her yo-yo up into the air, generating a field of hearts..."LUCKY CHARM!", she shouted and a pair of rubber gloves appeared. They weren't just your run of the mill set of rubber gloves. These had the power to deflect any electrical attack back at its user. Reggie slipped the rubber gloves on and turned to Twister/Cat Noir..."Cat Noir, can you keep Electro busy for me?", she asked.

"You got it, Ladybug!", Cat Noir responded as he held off Electro. He dodged Electro's attacks as long as he could, knocking him down multiple times. But as Electro prepared to launch a lightning attack...

"SURPRISE, ELECTRO!", Reggie/Ladybug shouted as she jumped in front of the attack, reflecting it right back at Electro with her rubber gloves and knocking him back. She then saw where the Akuma was hiding. "Get the circuit board! We destroy it and we'll free the Akuma!", she called out. With a nod, Twister/Cat Noir sprang into action, sliding down the Pier to snag the circuit board. "Go long, Ladybug!", he shouted as he threw the circuit board towards Reggie/Ladybug. With a simple toss of her yo-yo, the board was destroyed and the Akuma was set free. She then opened up her yo-yo..."No more evil doing for you, little Akuma. TIME TO DE-EVILIZE!", she shouted as her yo-yo glowed and she tossed it at the Akuma. "GOT YA!", she called out as the Akuma reverted back into a butterfly. "Bye bye, little butterfly.", Reggie/Ladybug said sweetly as she released the butterfly back into the air. Her yo-yo then fixed everything that was destroyed, making it look like nothing even happened. She and Twister/Cat Noir then ran to Mr. Stimpleton to check if he was okay.

"Wh-what happened?", Mr. Stimpleton asked.

"It's best you don't remember that. Ladybug and I are just glad you're okay, sir.", Twister/Cat Noir said as he helped Mr. Stimpleton to his feet.

"Bless you, Ladybug and Cat Noir.", Mr. Stimpleton said, thanking Ocean Shores' new heroes as he ran back to the Shore Shack.

"POUND IT!", Reggie/Ladybug and Twister/Cat Noir said in unison as they fist bumped and reverted back to their normal teen personas, inexplicably revealing their secret

identities.

"TWISTER?!"

"REGGIE?!"

"My boyfriend is Cat Noir?"

"And my girlfriend is Ladybug?"

"This is just too weird. Otto can never know about this!", they say in unison.

"And we'll make sure he doesn't find out about our heroic identities.", Twister said reassuringly.

"If anyone asks where we got our Miraculous charms...", Reggie started.

"...we'll just tell them they're family heirlooms.", Twister added.

"Good call. Now let's head back to the Shore Shack. I'm sure dad's worried about us.", Reggie told Twister as they ran back to the Shack, holding hands. Twister just smiled, thinking 'Our adventures are only just beginning...Ladybug.'

><p>Well, there's part 1 of the 'Birth of Ladybug' opening chapter of my Rocket PowerMiraculous Ladybug crossover! I know, I know - a show from the 90s mixed with a show that came out last year might not mix too well, but I'll try and make it work. Besides, have you taken a good look at Reggie Rocket? She looks like she could be Ocean Shores' Ladybug! Anyway, I'll delve deeper into Raymundo's backstory as Ocean Shores' original Cat Noir, including how awkward he was with Danielle when not in his Cat Noir form.**

CAT YA LATER!
